Introduction

Even with 70% of the earth's surface covered with water, for many people, accessing this precious resource is still a daily struggle. The demand for clean and accessible water resources will only escalate, exacerbated by population growth, urbanisation, climate change impacts, and resource depletion. Addressing these challenges and ensuring equitable distribution of this valuable resource requires a collective approach that transcends individual capabilities or sectors. Such cooperation enables the development and implementation of inclusive strategies that consider

diverse perspectives, local contexts, and sustainability measures.

In addition, these partnerships promote innovation, ensure efficient resource allocation, and build resilient water systems that can withstand evolving challenges, ultimately fostering long-term socio-economic and environmental well-being, forging a path towards a future where water development is not only sustainable but inclusive.

It is in this context that the Department of Water Resources, River Development and Ganga Rejuvenation, Ministry of Jal Shakti is organising the 8th India Water Week 2024 to emphasise "**Partnerships and Cooperation for Inclusive Water Development and Management.**"

What is India Water Week

The Ministry of Jal Shakti, Government of India, conceptualised and organised India Water Week in 2012, and it has since grown into a significant event. Designed as a 5-day conference and exhibition, it stands as India's premier international water resources gathering. Since its inception, the event has been a testament to the government's commitment to addressing water-related challenges on a global scale.

Partnering Organisations

IWW-2024 will be organised by the Department of Water Resources, River Development and Ganga Rejuvenation, Ministry of Jal Shakti. It will collaborate with various partners, including nodal ministries and departments like the Department of Drinking Water and Sanitation, the Ministry of Environment, Forest and Climate Change, the Ministry of Power, the Ministry of Agriculture and Farmers' Welfare, the Ministry of Earth

Sciences, the Ministry of Housing and Urban Affairs, NITI Ayog and the Ministry of Rural Development. State government departments, expert organisations, international bodies, and private and public business groups will also be a part of this collaborative effort.

Knowledge Partners

International Commission on Irrigation & Drainage (ICID), The World Bank, India Water Foundation (IWF), Council on Energy, Environment and Water (CEEW) and Indian Chamber of Commerce (ICC) are Knowledge Partners for the 8th India Water Week-2024.

The 8th India Water Week-2024 is being organised by the Ministry of Jal Shakti and is scheduled to take place from September 17 - 21, 2024.

8th India Water Week-2024

This event will function as an international forum, facilitating the exchange of perspectives and knowledge among distinguished politicians, stakeholders, scholars, planners, and innovators, as well as esteemed decision-makers in the field of water resources across the globe. The focal point of this 5-day event will be "**Partnerships and Cooperation for Inclusive Water Development and Management.**"

The five-day event features a Conference, Exhibition, and Study Tour with Seminars, Panel Discussions, Side Events and a Cultural Programme. Covering an extensive area of 4,800 sq. m., the exhibition, designed with practicality in mind, serves as an excellent opportunity for businesses. It allows enterprises to connect with potential partners and customers, facilitating pragmatic engagement in the field of water resource management.

What to Expect at IWW-2024

- **The Conference and Exhibition Integration:** IWW-2024 will host both a multi-disciplinary conference and a concurrent exhibition.
- **Thematic Focus:** The central theme revolves around "**Partnerships and Cooperation for Inclusive Water Development and Management.**"
- **Event Venue:** The event is scheduled

to take place at Bharat Mandapam & Hall No. 12-A, Pragati Maidan, New Delhi.

- **Global Participation:** Projections indicate a global attendance of over 3,000 delegates, signifying a rise of 500 participants compared to the previous edition.
- **Exhibition Specifications:** The exhibition area, situated at Hall No. 12-A, Pragati Maidan, New Delhi is expected to span of 4,800 sq. m.
- **Opportunity for Innovators:** This upcoming event presents an advantageous prospect for innovators, offering them a platform to showcase solutions and foster networking opportunities with potential enterprise partners.

Conference

Highlights

IWW-2024 will host a multi-disciplinary dialogue at Bharat Mandapam, Pragati Maidan featuring Seminars and Panel Discussions that will deliberate on "Partnerships and Cooperation for Inclusive Water Development and Management."

Last date for submission of Full Length Paper	31.07.2024
Communication on acceptance of Full Length Paper	16.08.2024

Visit our website for more details (www.indiawaterweek.in)

Paper submission process

At least one author of the paper should register for the event online on the IWW official website www.indiawaterweek.in Click on the 'Register Now' button and fill in the required information.

User ID and password will be generated upon successful registration. This can be used to login for all future communication and information (submission of paper and management of participation).

Note: The entire process of submission of synopsis/paper and its approval is online. The organisers of the conference will not respond to or accept any synopsis/paper submitted to the email account of the IWW or individual email accounts of the organisers. Please do not send any material in any other form like pen drives, printed pages etc. for inclusion as synopsis/paper. All such materials, if sent, will be ignored.

Exhibition

Highlights

A state-of-the-art exhibition encompassing 2,400 square metres area for sale with a total area of 4,800 square metres at Hall No. 12-A, Pragati Maidan, New Delhi is also co-located. The parallel exhibition is intended to provide a chance for exhibitors to demonstrate their innovative ideas that can help us accomplish our goal of sustainable and equitable water development. The show is also an excellent opportunity for groups to meet potential business partners and explore potential expansion opportunities. Aside from these benefits, it is also unique chance for brand growth in the field of **"Partnerships and Cooperation for Inclusive Water Development and Management."**

Advantages

The exhibition will provide a unique networking opportunity to exhibitors to display products and services to practising water resource professionals from participating countries. The organisers commit to a liberal footfall to espouse the cause. Exhibitors will also have a unique opportunity to profit from the growth of the technologically important area.

Business entities can directly connect with thousands of potential clients, including highly qualified visitors and decision-

makers, providing significant public relation and promotional opportunities. The event also opens avenues for potential joint ventures, facilitating business expansion in the rapidly growing Indian water market and enhancing brand visibility and image.

How to Participate as an Exhibitor

Exhibitors can register online at www.indiawaterweek.in. Expressing interest through registration is free of cost. However, participation in the exhibition is subject to payment of space charges. Entry for visiting the exhibition is free of cost. On completing the registration process, exhibitors can access the details, receive the details of persons registered, session-wise details, details regarding booking of exhibition space, transport & accommodation charges and guidance about India Water Week-2024.
